DISAGREED.-Last Saturday evening the case of Martin, Weakley & Co, for the use of J. D. Ussery vs. Pearce & Bostick, which has been pending the circuit court of this county for a number of years, and which envolves upward of \$30,000, after able arguments by counsel on both sides, was given to the jury. His Honor, Judge Bond, briefly, but to the point, delivered his charge. On last Wednesday the jury came into court and informed his Honor that they could not agree upon a verdict, and, with consent of counsel were dismissed. So the case goes over to the next term of court. We learn that the jury stood eight for plaintiff and four for defendant.

Stoney Point, White Co., Ark., 1 May 23, 1866. Da Jone Brat Dear Sir: Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters. My son-in-law, who was with me in the store, has been down with rheumatism for some time, commenced on the Bitters, and

oon found his general beath improved.

Dr. Gist, who has been on her trains, tried them, and he also improved. Dr. Coffee, who has been in bad health for Several years—stemach and liver affected he improved very much by the use of your Bitters. Indeed the Cedron Bitters has given you great popularity in this settlement.

I think I could sell a great quantity of your medicines this fall—especially of your Cedron Bitters and Sarsaparilla. Ship me via Memphis, care of Puckett & Neely.

To My United States and World-Wide Readers.

I have received many testimonials from professional and medical men, as my alma-nacs and various publications have shown, all of which are genuine. The following letter from a highly educated and popular physician in Georgia is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of BULL'S WORM DE STROYER:

VILLANOW, WALKER COUNTY, GA., ] Da John Bell-Dear Sir: I have re cently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty | large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary, they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line of M. D.'s, but I see no just cause or good sense in discarding a Prompt attention given to the collection of claims and remedy which we know to be efficient, sim ply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command-not hesitating because some one more ingenious than myself may have learned its effects first, and secured for himself the right to use that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, which purports to cure all manner of disease to which human flesh is heir. Please reply soon, and inform me of your best terms.

I am, sir, most respectfully JULIUS P. CLEMENT, M. D.
